

## **Sprint 2 Report**

### **Actions to stop doing:**

Stop listing all the user stories and tasks in one page in the clubhouse.  
Stop updating the status of tasks once a week in the clubhouse.

### **Actions to start doing:**

Getting more help on some technical programming things with Javascript.  
Updating the status of tasks once we make some changes

### **Actions to keep doing:**

Communicating  
Asking each other for help  
Learning javascript/react-native  
How to use firebase effectively

### **Work completed:**

- As a user, I want to have a homepage with different options
- As a patient , I want to have a profile that displays my basic information so that I don't have to re-input it whenever I schedule an appointment
- As a patient, I want to be able to schedule my appointments

### **Work not completed:**

- As a receptionist, I want to be able to see patient's basic information and appointment request so that I can help him/her to schedule.
- As a receptionist, I want to be able to schedule an appointment manually so that I can make an appointment for someone who is not using mobile app and update the information in appointment system for all users.

- As a user, I want to be able to cancel or rearrange my appointments so I can be flexible

• **Work completion rate:**

Total number of user stories completed: 3

Total number of estimated ideal work hours completed: 80

Total number of days: 14

User stories/day: 0.2

Ideal work hours/day: 1-2(for each group member)
