Sprint 3 Report

Actions to stop doing:
Stop listing all the user stories and tasks in one page in the clubhouse.
Stop updating the status of tasks once a week in the clubhouse.

Actions to start doing:
Getting more help on some technical programming things with Javascript.
Updating the status of tasks once we make some changes
Update with the person who depend on the task that you are working

Actions to keep doing:
Communicating
Asking each other for help
Learning javascript/react-native
How to use firebase effectively
Use a physical scrum board

Work completed:
- **As a receptionist, I want to be able to see patient's basic information and appointment request so that I can help him/her to schedule.**
- **As a user, I want to be able to cancel or rearrange my appointments so I can be flexible**
- **As a patient, I want to be able to check my medical records for my own personal use.**
- **As a doctor, I want to be able to write the patient's medical records so that the patient's medical records can be updated officially by a doctor.**
- **As a doctor, I want to be able to check the patient's medical records so that I can know if there is any information that is valuable.**

Work not completed:

- **As a receptionist, I want to be able to schedule an appointment manually so that I can make an appointment for someone who is not using mobile app and update the information in appointment system for all users.**

• **Work completion rate**:

Total number of user stories completed: 5
Total number of estimated ideal work hours completed: 80
Total number of days: 14
User stories/day: 0.2
Ideal work hours/day: 1-2(for each group member)
